

# THE FIRST SILOAM ROBOTIC SUMMIT 2026

## TRANSFORMING SURGERY THROUGH ROBOTICS

Advancing precision across  
surgical disciplines

### BRINGING TOGETHER GLOBAL EXPERTISE AND INNOVATION

- 5+ International Speakers
- 25+ National Speakers
- 4 Surgical Disciplines

### EXPERIENCE A COMPREHENSIVE LEARNING JOURNEY THROUGH:

- Expert lectures
- Recorded case discussions
- Hands-on training sessions

Including **online module certification** for  
the *da Vinci* Surgical System

**18<sup>th</sup>** Saturday  
July 2026

The Ritz-Carlton  
Jakarta

# Table of Contents

- About Siloam Robotic Summit.....2
- Registration Information.....3
- Symposium Program.....4
- Urology Workshop.....6
- Gynecology Workshop.....9

# TRANSFORMING SURGERY THROUGH ROBOTICS

Robotic technology has transformed modern surgical practice, offering superior precision, enhanced visualization, and faster patient recovery. Robotic Summit 2026 brings together leading specialists across multiple disciplines to share innovations and advance robotic surgery in Indonesia.

Hosted by **Siloam Hospitals Kebon Jeruk**—Indonesia's first Robotic and Minimally Invasive Surgery Center—this summit serves as a strategic platform for cross-specialty collaboration, knowledge exchange, and discussion on the latest clinical applications of robotic surgery.

# HOW TO REGISTER

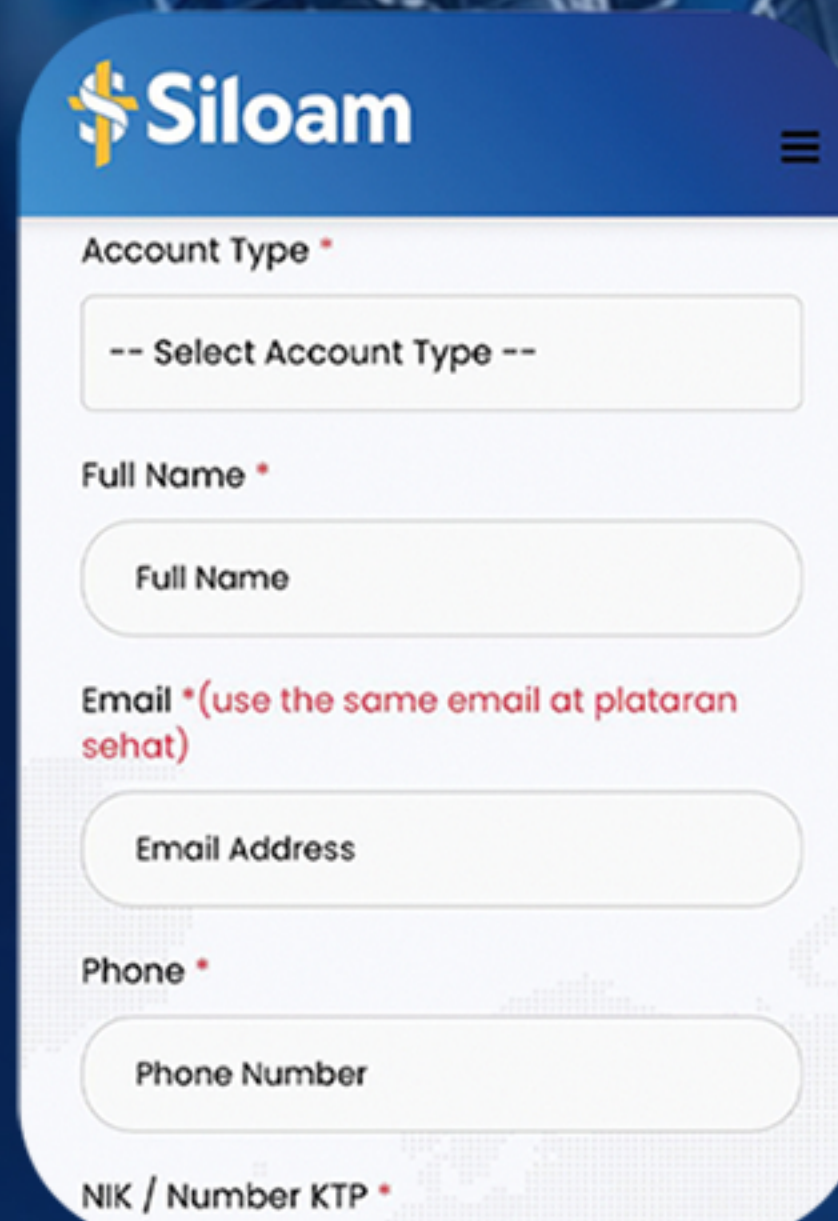

1. Acces "siloamrobotic.meirs.id"

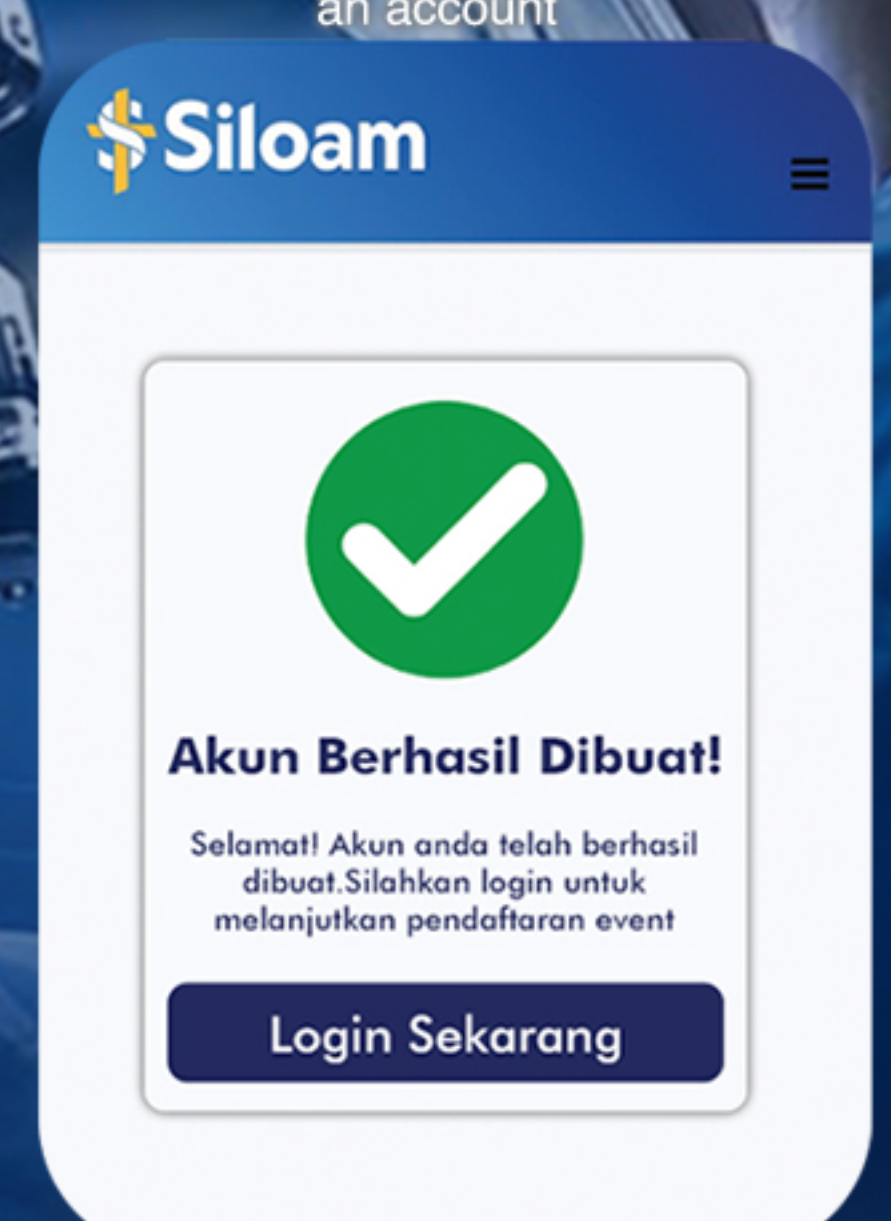

2. Click Registration

3. Fill in the registration form

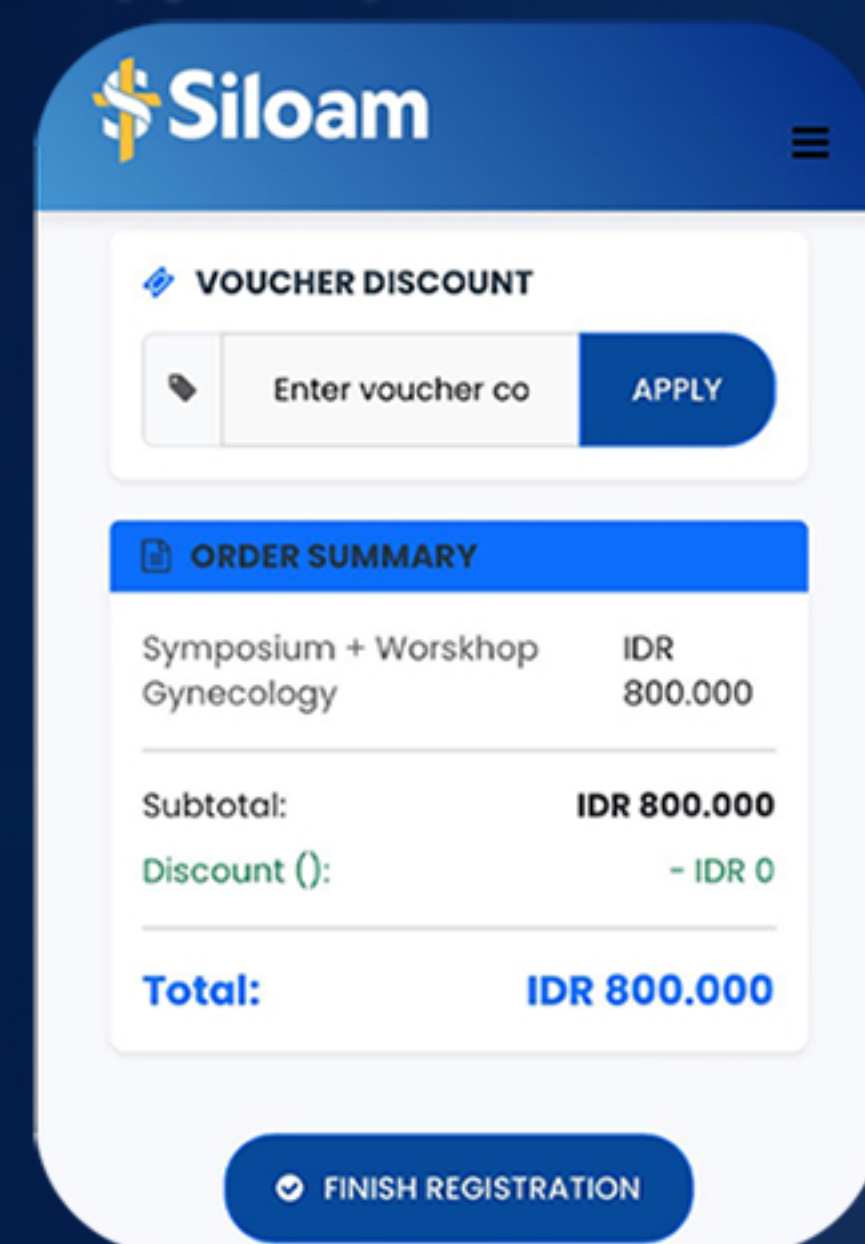

4. Successfully created an account

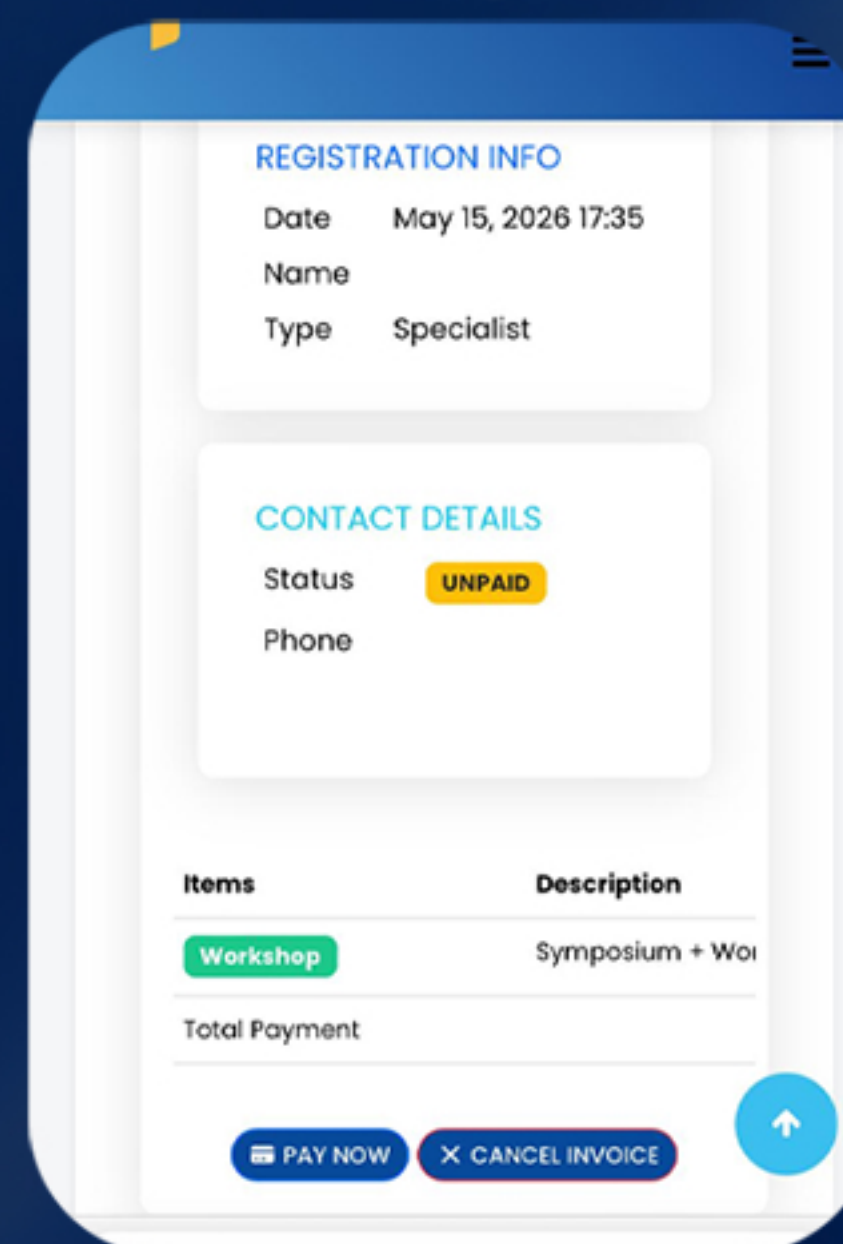

5. Click the "Event List" or "Checkout" menu. Select the desired package.

TIME	DESCRIPTION	PRICE
07.00 - 17.00	Symposium + Worskhop Urology	IDR 1.000.000 IDR 800.000 Early Bird (until 30 May 2)
07.00 - 17.00	Symposium + Worskhop Orthopedic	IDR 1.000.000 IDR 800.000 Early Bird (until 30 May 2)
07.00 - 17.00	Symposium + Worskhop Digestive	IDR 1.000.000 IDR 800.000 Early Bird (until 30 May 2)
07.00 - 17.00	Symposium + Worskhop Gynecology	IDR 1.000.000 IDR 800.000 Early Bird (until 30 May 2)
07.00 - 17.00	Symposium + Worskhop Nurse	IDR 500.000 IDR 300.000 Early Bird (until 30 May 2)

6. Enter the voucher code in the column (if you have) then click "Validate"

7. Click "Invoice" and click "Paynow"

8. Click "Process Payment" and Wait for the invoice to be created. Select Payment VIA "Qris"

# SYMPOSIUM SCHEDULE SATURDAY, JULY 18<sup>TH</sup>, 2026

TIME	TOPIC & SPEAKER	
08:00 - 9:00	REGISTRATION	
09:00 - 9:05	Safety Briefing	
09:05 - 9:10	Opening Indonesia Raya + Prayer	
09:10 - 9:20	Opening Speech by CEO Siloam International Hospitals	
09:20 - 9:25	Opening by Representative of Ministry of Health by Komite Nasional Teknologi Robotik Bidang Kesehatan	
09:25 - 9:30	Opening by Ketua IDI Jakarta Barat	
09:30 - 9:35	Speech by Pioneer and Advisor of Robotic Steering Committee Topic: "Pioneering Robotic Surgery: Early Experience, Pitfalls, and Lessons Learned"	Prof. dr. Agus Rizal Ardy Hariandy Hamid, Sp.U, Subs. Onk. (K), FICRS, PhD
09:35 - 9:40	Opening Speech by Chairman of Robotic Steering Committee Topic: "Leading the Robotic Surgery Era: Vision, Strategy, and Future Directions"	dr. Marto Sugiono, Sp.U(K), FRCS Urology (UK), FICRS
09:40 - 9:45	<b>OPENING CEREMONY</b>	
09:45 - 9:55	Keynote Speech by Representative of Davinci Topic: "Robotic Surgery as a Platform: Technology That Connects All Specialties"	Representative of Da Vinci
09:55 - 10:15	<b>PRELIMINARY CLINICAL OUTCOMES OF ROBOTIC SURGERY PUBLICATION</b>	
10:15 - 10:30	<b>MC BRIEFING: BREAKOUT ROOM COFFEE BREAK (FOR PARTICIPANTS)--MEDIA BRIEFING (SPEAKERS)</b>	
10:30 - 11:30	LECTURE SESSION	
11:30 - 12:30	CASE DISCUSSION	
12:30 - 13:30	BREAK (LUNCH & PRAYER)	
13:30 - 17:00	WORKSHOP AND TRAINING

## BREAKOUT ROOM 2 CRAFTGROUP: UROLOGY

TIME	TOPIC AND SPEAKER
10:30 - 10:50	Lecture: "Current Applications or New Technique of Robotics in Modern Uro-Oncology Surgery" <b>Dr. Loh Chit Sin</b>
10:50 - 11:10	Lecture: "Robotic-Assisted Kidney Transplantation: Technique, Outcomes, and Challenges" <b>Prof. Dr. dr. Nur Rasyid, Sp.U (K)</b>
11:10 - 11:30	Lecture: "Robotic Surgery in Reconstructive Urology Update: Adult and Pediatric Patient" <b>Prof. dr. Irfan Wahyudi, Sp.U (K)</b>
11:30 - 11:50	Lecture: "Robotic-Assisted Prostate Biopsy: Enhancing Precision in Prostate Cancer Diagnosis" <b>dr. Marto Sugiono, Sp.U(K), FRCS Urology (UK), FICRS</b>
11:50 - 12:00	DISCUSSION <b>dr. Eric Sibastian Hutauruk Sp. U (K) FICRS</b>

## 12:00 - 13:00 BREAK (LUNCH & PRAYER)

13:00 - 14:00	Case Discussion: "Step-by-Step Robotic Approach in Complex Urologic Surgery" (by Prof. Dr. dr. Nur Rasyid, Sp.U(K), Prof. Dr. dr. Irfan Wahyudi, Sp.U(K), dr. Marto Sugiono, Sp.U(K), FRCS Urology (UK), FICRS, Dr. Loh Chit Sin)	"Step-by-Step Robotic Approach in Complex Urologic Surgery" Applicable to: Shows: Discussion points: Port placement strategy Ureteral safety Bleeding control Energy selection Tips & pitfalls Conversion prevention	oncology benign disease Localized prostate cancer anatomy ureter identification vascular control  Case selection Technical challenges Innovation in robotic surgery
	Workshop and Training: Hands-On Robotic Urology Skills Workshop" Case Discussion: "Step-by-Step Robotic Approach in Complex Urologic Surgery"	Stations can include: Station 1 – Online Module Station 2 – Console Skills Camera control, Wrist articulation, Depth perception Station 3 – Docking & Port Placement (Video Coaching) Port placement for RARP Port placement for partial nephrectomy	Patient positioning (Trendelenburg/-flank) Docking workflow

# GYNECOLOGY CRAFT GROUP SESSION

Lecture by Gynecology Experts

Dr. Elizabeth Joan Ocampo, MD

dr. med. Ferdhy Suryadi  
Suwandinata, Sp.OG-KFER

Dr. dr. Herbert Situmorang, Sp.OG-  
KFER

Dr. dr. Franciscus Caracciolo  
Christofani Ekapatria,  
Sp.OG, Subsp. F.E.R

dr. Patrick Bayu, Sp.OG-KFER

dr. Moh Airul Chakra Allbasya,  
Sp.OG-KFER

dr. Stephen Mandang, Sp.OG,  
MBioMedSc, MMFM

# BREAKOUT ROOM 1

## CRAFTGROUP: GYNECOLOGY

### TIME

### TOPIC & SPEAKER

**10:30 - 12:30**

Workshop and Training: Hands-On Robotic Gynecology Skills Workshop  
(dr. med. Ferdhy Suryadi Suwandinata, Sp. OG-KFER  
dr. Elizabeth Ocampo, Sp. OG)

Stations can include:  
Station 1 – Online Module  
Station 2 – Console Skills  
Camera control  
Wrist articulation  
Depth perception  
Station 3 – Docking & Port Placement (Video Coaching)  
Standard gynecology layout  
Obese patient modification

Camera Control  
Dissection - Open candy wrapper,  
peel grape skin  
Suturing on suture pad

**12:30 - 13:30**

### BREAK (LUNCH & PRAYER)

**13:30 - 15:00**

Lecture: "Current Role of Robotics in Modern Gynecologic Surgery"

Lecture: "Advances in Robotic Hysterectomy: Enhancing Precision and Patient Outcomes"

Lecture: "Expanding the Boundaries of Robotic Surgery in Complex Gynecologic Cases?"

Lecture: "Improving Outcomes in Endometriosis Surgery: The Role of Robotics"

Q&A DISCUSSION

**Dr. Elizabeth Joan Ocampo, MD**

**dr. med. Ferdhy Suryadi Suwandinata, Sp. OG-KFER**

**Dr. dr. Herbert Situmorang, Sp. OG-KFER**

**Dr. dr. Franciscus Caracciolo Christofani Ekapatria, Sp. OG, Subsp. F.E.R**

**Moderator: dr. Patrick Bayu, Sp. OG-KFER**

**15:00 - 15:15**

### COFFEE BREAK

**15:15 - 16:15**

Case Discussion: "Step-by-Step Robotic Approach in Complex Gynecologic Surgery"  
(by dr. med. Ferdhy Suryadi Suwandinata, Sp. OG-KFER  
dr. Elizabeth Ocampo, Sp. OG,  
Panelist: dr. Moh Airul Chakra Alibasya, Sp. OG-KFER  
Moderator: dr. Stephen Mandang, Sp. OG, M BioMedSc, MMFM)

Discussion points:  
Port placement strategy  
Ureteral safety, Bleeding control, Energy selection  
Tips & pitfalls Conversion prevention

Gynecology benign disease docking  
anatomy ureter identification  
vascular control  
Indications for robotic gynecology  
Case selection complex myoma severe endometriosis  
early-stage gynecologic cancer laparoscopic vs robotic

# BREAKOUT ROOM 3

## CRAFTGROUP: DIGESTIVE SURGEON

### TIME

### TOPIC & SPEAKER

**10:30 - 11:30**

Lecture: Advancements in Minimally Invasive Digestive Surgery  
 Moderator: Dr. dr. Wifanto Sadiya Jeo, Sp.B-KBD  
 (by Prof. Iswanto Sucandy, MD, FACS)

Introduction to Robotic Digestive Surgery  
 Robotic System Overview: Da Vinci Platform  
 Operating Room Setup & Docking Strategy  
 Port Placement & Patient Positioning  
 Technical Tips & Tricks in Robotic Digestive Surgery

**11:30 - 12:30**

Case Discussion: Step-by-Step Surgical Approach in Complex Digestive Cases (Hepar Resection and CBD Stricture)  
 Moderator: dr. Vania Myralda Giamour, Sp.B-KBD  
 Speaker: Dr. dr. Wifanto Sadiya Jeo, Sp.B-KBD & Prof. Iswanto Sucandy, MD, FACS

Hepar Resection  
 CBD Stricture  
 Discussion points:  
 Port placement strategy  
 Bleeding control  
 Energy selection  
 Tips & pitfalls  
 Conversion prevention

Case selection  
 Technical challenges  
 Innovation in robotic surgery

**12:30 - 13:30**

### BREAK (LUNCH & PRAYER)

**13:30 - 17:00**

Workshop and Training : Hands-on Minimally Invasive Digestive Surgery Workshop  
 (by : Dr. dr. Wifanto Sadiya Jeo, Sp.B-KBD dan Prof. Iswanto Sucandy, MD, FACS)

Station 1 – Online Module  
 Station 2 – Console Skills  
 Camera control  
 Wrist articulation  
 Depth perception  
 Station 3 – Docking & Port Placement (Video Coaching)  
 "Port placement for:  
 Robotic gastrectomy  
 Robotic colectomy (right/left/anterior resection)  
 Robotic low anterior resection (TME)  
 Patient positioning:  
 Supine / lithotomy  
 Trendelenburg / reverse Trendelenburg  
 Docking workflow & troubleshooting"
